7. Mitchell Myers, South Aiken HS
 - a. Senior, 4-time All Region player, 2016 and 2017 All-State player, and 2017 Region IV AAAA player of the year, is described as a player that possesses a high quality of play in each element of the game, technical ability, Tactical awareness, athletic, and mental toughness with a very high soccer IQ. A natural center back, Mitch dictates the pace of the game from the 6, 8, 10 or 5 spot, dialogue directs, excellent peripheral and penetrating vision, the ability to know when to play direct, hold the ball, more times than not, place the ball in the middle and attacking thirds accurately with an excellent chance to come up with a productive build for the team. Mitchell's excellent speed, agility, anticipation ability, all contribute to his excellent 1v1 defending, which usually creates a re-possession, with counter from the defensive and middle thirds of the field. Mitch is a very versatile player as well, when there is a need in the middle or attacking thirds of the field, we are able to plug him in, with more times than not regaining control of those areas of the field. As a result of Mitchell's high ability level, on both sides of the ball, with his versatility he has produced 37 goals, and 15 assists all generated from the 5, 8, and 10 positions, playing a tough strength of schedule. Mitch has an un caning ability and sheer will to take a match on his shoulders, a game changer, willing his team mates to a win. Mitch is South Aiken's most complete and highest level player with regards to all areas/elements of the game. As a result of that level of play, Mitchell is one of the main reasons for South Aiken's, humbly speaking, fortunate success in the 2017 season. Mitchell has committed to play for the University of South Carolina fall 2017. 2017 HS Season Stats: 37 Goals 15 Assists Schedule: 23 Reg. season matches, 3 rounds of playoff matches.
